About us

As a team of experienced photographers with over 14 years of experience in the industry, we understand the importance of capturing the perfect photo. We take the time to get to know our clients, their preferences, and their expectations, so that we can produce images that align with their vision. Our team is skilled at working alongside clients to ensure that we make the most of the time available on the wedding day. We know the best times and locations to capture the perfect shots, and we work diligently to create a schedule that allows for a seamless and enjoyable photography experience. With our expertise and attention to detail, our clients can rest assured that their special day will be captured beautifully and perfectly.

Editing Process

When it comes to editing photos, we strive to create a timeless and beautiful memory that captures the moment and the people in it. Our editing style is influenced by the owner's background in creative design. We use various editing techniques to bring out the beauty of a photo even more. We aim to enhance the natural beauty of the photo while adding a unique creative touch that makes it stand out and be memorable. Our approach to editing is always to bring out the best in the photo while staying true to its original essence, resulting in a gorgeous and timeless piece of art.

Pricing Details

We offer an all-inclusive hourly rate that includes both event photography and our expert editing services. We understand that photography can be stressful for you, which is why we work with you to create a timeline that ensures everything is captured without any added stress on your part.

Our experienced photographers take an average of 75 photos per hour if the event is running on schedule, ensuring that every detail of your special day is captured. We take pride in offering a customizable package that fits your unique needs and budget, so you can decide what works best for you and your loved ones.

Each photo is available for full-size digital download and includes a release form to use them at your leisure. We understand the importance of quality and affordability when it comes to preserving your memories, and our gallery pricing starts at just \$2.95 per photo.

Selecting a photography package is an important decision, and we strive to make the process as stress-free as possible. Our team is here to answer any questions you may have, and we are committed to delivering your beautiful photos within 5-7 weeks after your event.

Your gallery will be locked one month after receiving your photos. To unlock it for an additional two weeks of purchase time, a fee of \$25 is required.

Alternatively, we do provide a discounted option that allows you to unlock your entire gallery for unlimited downloads, with no expiration and a release form provided. This discount is calculated based on 75 photos per hour and 30% off the total price, with the same pricing honored even if more photos are captured. You can decide on these options upon viewing your photos, with no cost until after your event.
